

Youth Goal Heroes

Based on the Youth Goal logo design
by Mireille van Bremen

Where does the person come from?

How old is the person?

What does the person wish
for in terms of Youth Goals?

What is the level of
education of the person?

What is the family status?

Does the person have a job,
if so which one?

What language would the person
like to learn?

Are there any targets of the Youth
Goal that are of particular concern
to the person?

How does the person contribute
to achieving the Youth Goal? And what
does the person need to achieve it?

What is the person's life dream?
